Why attend the VEA Convention?

- *It helps me remember why I do what I do; there is such a positive spirit that comes from VEA.
- *This is a great opportunity to network with other educators from across the state.
- *Attending lets you see how you fit in to the larger organization of the VEA while being part of something bigger than your worksite.
- *There are fun days of passionate debate about ideas for change that we'd like the VEA to pursue.
- *Attending shows you how other counties deal with our same problems like SOLs, class size, ESP wage gaps, etc.
- *The speakers are always inspiring.
- *I like being able to vote on what we want the VEA to accomplish in the coming year.
